Met Office Aberdeen Meteorologist's View
Sunday afternoon temperatures will reach 24 Celsius in glens of Argyll. Sunburn and dehydration will be the main climbing hazards.

Forecast for Monday 17 Aug 2020
Weather: Mainly dry start with mist and low cloud dispersing to leave some sunshine. Scattered showers will develop later in the morning, becoming more frequent in the afternoon, dying out in the evening.

Maximum wind: Winds will remain light at all levels, generally easterly at only about 10mph.

Chance of cloud free mountain/hill tops above 800m: 50%. Extensive low cloud at first, lifting and breaking up during the morning. Occasional cloud cover about 600 to 700m as showers come along in the afternoon.

Visibility: Mist patches at first and in association with showers, otherwise good visibility.

Temperature: **Glens:** 12 Celsius rising to 21 Celsius.
At 800m: Plus 13 Celsius.
Freezing level: Well above the tops.
